Annual Report

2023

LETTER FROM FOUNDER'S DESK

Dear friends of Sarthak,

I am delighted to share with you our annual report for the year 2022-23. Sarthak completed 10 years of existence in March 2023 and this has been a remarkable year for us that we spent strengthening our key programs and experimenting with new approaches to fulfilling our vision of happy empowered children.

I believe that the key to a happier next generation is empowering and educating our girls. This is why we put so much stress on gender awareness and equity and organize gender workshops for our children. We also launched a new girl focussed program that affected close to 2500 girls, taking the ratio of girls in our programs to 76%, a new high for Sarthak.

We set up seven new Yellow Rooms this year, taking the total number of Sarthak Yellow Rooms to 20.

The children of Gurukul are growing into wonderful human beings and reinforce our faith in our model. Gurukul received affiliation till class VIII and our lovely rural model school based on the Yellow Rooms idea now has children from 32 villages, many quite far away.

This is also a remarkable year for us because this is the year we launched our paradigm shifting model called Yellow SLATEs. SLATEs expands to "Sciences, Languages, Arts, Theatre and Ethics" and introduces an innovative approach to pedagogy into the government school system. Yellow SLATEs was born out of Sarthak's 10 years of experience of running Yellow Rooms among marginalized communities. Read more about Yellow SLATEs inside.

We are growing, we are reaching more children, we are serving more communities, we are innovating and we are learning, all because of friends and wellwishers like you. We have never wanted for support and help and even during the tough period of covid, you have ensured that we stride on full steam. I am very grateful to you for your love and friendship for Sarthak.

Gratitude, blessings and love

SARTHAK FOUNDATION

Sarthak Foundation started with the belief that no child should be left behind for being born in economic and social disadvantage. With a vision to have Happy Empowered Children, Sarthak Foundation reaches out to children and youth between the ages of 3 and 21 years belonging to very marginalised and poor, rural and urban communities to take inclusive, happy education along with skilling right to their door step.

What began with 6 children in 2013 has expanded to around 6000 direct beneficiaries located in 5 districts in Uttar Pradesh.

**“We want a world full of laughter and joy for its children.
We want a world that is kind to its children.”**

YELLOW ROOMS

YELLOW ROOMS

Yellow Rooms are permanent safe spaces right in the heart of a slum. They work with children between the ages of 3 and 21 years and impact their lives through education, skills and value-based learning.

Yellow Rooms function 6 hours a day, 6 days a week all year round. Yellow Rooms is a decades long intervention that is completely free of cost for the children and the community.

Numeracy Skills

The STEEAM program focuses on linguistic and numeracy skills, encompassing English, Math, and Science. It employs the Teaching at the Right Levels (TaRL) to Age-Appropriate Learning Levels (AAL) approach. Yellow Room STEEAM promotes creativity, exploration, and a method of thinking that can be applied to solve real-world problems. In FY 2022-23, each child in Sarthak Yellow Rooms underwent 867 learning hours.

This year SEPEt assessment was conducted with the help of an interactive questionnaire measuring both subjective and psychological aspects of children. The assessment helps our Educators and team to examine the effects that Yellow Rooms have on children's well-being.

GENDER WORKSHOPS

Gender Equality is at the very heart of Sarthak. Our in-house gender workshops aim to help the children to harness feminine and masculine energy towards positivity and bring a 'cultural shift' in their communities. Yellow Rooms' comprehensive gender workshops equip children and adolescents with empowering knowledge and right attitude.

Our senior children conducted a gender workshop for the first time ever. They worked hard and delivered it beautifully.

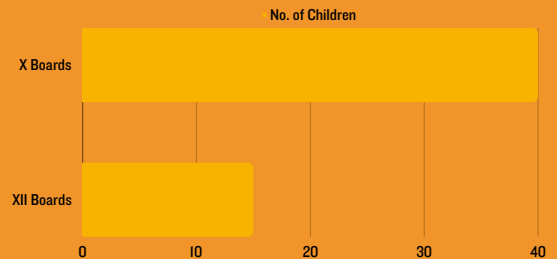

These gender workshops enable our children to examine their own perceptions and ideas and help question and change sexist attitudes.

SARTHAK SCHOOL INCLUSION

95% of the school dropouts start school after Yellow Rooms is established in their community. Girls, who are generally the first in the family to stop education early, started going to school again.

Top scorer in 10th - Khushi, Ismailganj Yellow Room 84.4%

Top scorer in 12th- Neha, Malhaur Yellow Room 88.5%

Our children are scoring 60% or more in their school exams.

SKILL AND EMPOWER

ROUND TABLE INDIA SARTHAK GURUKUL

A rural model school

Sarthak Gurukul introduces the ethos and approach of Sarthak Yellow Rooms into the formal school structure. Gurukul is a low-fee rural school committed to delivering quality education to children in Sonari and neighbouring villages within the Sitapur district of Uttar Pradesh. Recognizing the absence of suitable educational institutions in the area, initial efforts with children began in 2015, and the school's foundation was established in 2017.

Sarthak Gurukul provides marginalized children from economically disadvantaged rural backgrounds with affordable, equitable, gender-sensitive, well-structured, and digitally supported formal education.

SARTHAK RESILIENCE INCUBATOR

Supported by Dell Technologies

The Sarthak Resilience Incubator project aimed to markedly improve the employability potential and business acumen of girls aged 16 to 21 from the most marginalized backgrounds. The program focused on providing concrete technical skills, industry exposure, and workplace readiness to empower girls in their professional journeys.

The Sarthak Resilience Incubator was dedicated to transforming the lives of marginalized girls, fostering confidence, smartness, and a broader vision of career choices. During the project period, 150 soon-to-graduate girls underwent mindset change and skills training to secure a job. These 150 girls, along with expert trainers, further trained 2250 girls, creating a positive change in communities where girls started to dream about a violence-free, independent, and fulfilled life.

TESTIMONIALS

"Sarthak is my second home, my new family where I got to know the importance of education and aspects of life. Not only this ,Sarthak has taught me humanity which everyone should have and changed my stereotypical thinking about gender. Gradually I am becoming a confident and independent girl. Everyday I get to know and learn which is possible just because of Sarthak. Thank you so much for loving me and giving me a wonderful educational platform."

Neha, Malhaur Yellow Room
(Scored 88% in her Class 12 Board Examination 2023)

"It has been very convenient for us since it (Yellow Room) opened in the locality. Our child is studying in our locality. I feel very relaxed and safe, we have faith in you (Sarthak Foundation) and all of you put a lot of effort into our children. So, it's our duty to support you also. "

Maya Devi , mother of Priya - a student at Abhay Nagar Yellow Rooms.

“My name is Meher and I am part of the CSR team of Viterra, India. We’ve been associated with Sarthak Foundation since 2019. I have known Kshama, Ashish and the entire team. Firstly I would like to congratulate them on completing ten successful years. The journey has been really lovely. We’ve been part of the journey since the last few years. They have done some outstanding work - starting with three children to almost 5000 kids is huge. And it’s completely commendable. The kind of quality education that they provide to the underprivileged sections of the society is really overwhelming. I met the kids today, I met them in 2019 also. The enthusiasm is just amazing. The zeal, the keenness to learn, the curiosity that they have, the questions that they ask you - it just amazes me. More than me telling them, I think what I learnt from them is even more. So, I am equally benefitting from this whole experience. I really thank Sarthak Foundation for having me here and I really wish them all the best for all their future endeavors and achieving much greater milestones.”

**Coprorate Partner,
Ms. Meher Amalsadiwala, Senior Executive, Viterra India.**

“Having closely followed the progress of Sarthak, I have been profoundly moved by your unwavering commitment to providing education to those who are less fortunate. Your dedication to empowering these children and equipping them with knowledge and skills both educational and social, is beyond commendable.

Education is a powerful tool that has the potential to break the cycle of poverty and transform lives. By offering these children access to quality education, you are not only providing them with the means to secure a better future but also instilling in them the confidence to dream big and strive for excellence.”

This year we completed 10 years and it brought back a lot of emotions. Our children and our supporters always make us feel valued and appreciated. They have been an essential part of our journey and success.

A DECADE

Annual Angels' Meet

A moment of gratitude

Annual Angels' Meet brings together all the cheerleaders of Sarthak who support the cause wholeheartedly. It helps them witness the change that they have brought about in the children by their guidance, support and generosity.
